CONGRATULATION LETTER

Dear dr Konkol,

It was my pleasure to participate at the International Conference on Music Education (VI OKKNEM) that you organized in Gdańsk, highlighting the national and international activities of music education students.

It can be seen that you realized various activities in which students, alumni and professors participated during the last years and that you did this very accurately. The results of this meeting are of great importance for Poland as well as the European and world community.

Congratulations also to the Dean of the Stanisław Moniuszko Academy of Music for supporting the idea and to all the colleagues involved in this conference.

Since our collaboration lasts many years, I would like to thank you for your exceptional work in the music pedagogy field and wish you many creative musical-pedagogical prospects in the future.

Sincerely yours,
dr Sabina Vidulin
